The requirements under this paragraph also apply to any such vessel that changed the registration or flag of the vessel from the Russian Federation to another state after 24 February 2022.

3. Under Article 3ea(5) of EU Regulation 833/2014 as amended, the Competent Authority may allow a derogation for a sanctioned vessel to access a port or lock after having determined that the access is necessary for:

4. The requirement under paragraph (2) does not apply in the case of a vessel in need of assistance seeking a place of refuge, of an emergency port call for reasons of maritime safety, or for saving life at sea.
5. Importers who wish to seek a derogation for cargo to be shipped aboard a vessel registered under the Russian Flag or who reregistered from the Russian Flag after 24 February 2022, as set out above under paragraph (3), should contact the relevant Government Department. The application requirements and contact details for relevant Departments are available through the following link: <https://enterprise.gov.ie/en/Publications/EU-Trade-Sanctions-in-Response-to-Situation-in-Ukraine-.html>. 6. Where an application is received for a derogation, the relevant Department will engage with the Competent Authority to determine whether the vessel may be issued with a derogation and will respond directly to the applicant. The Department of Transport will be informed of any derogations provided and will in turn notify the relevant port of details of the vessel granted a derogation.

7. Where a vessel contacts the port, harbour or local authority seeking to enter a port or lock for any of the reasons set out in paragraph (3), and the port, harbour or local authority has not been advised of a derogation with regard to that vessel, the port, harbour or local authority should direct the vessel to the link above and advise them to contact the appropriate Department for approval.
8. Details of ships, including their flag can be found on the Electronic Quality Shipping Information System, Equasis: www.equasis.org. The Department of Transport will also provide assistance to Ports in identifying such vessels through SafeSeasIreland.
