

Marine Notice No. 30 of 2026

*Notice to all Shipowners, Fishing Vessel Owners, Agents, Shipmasters, Skippers, Fishers,
Yachtsmen and Seafarers*

Celtic Interconnector Project Subsea Rock Installation Southeast Coast of Ireland

1. Notice of Activity

The Department of Transport has been advised that Boskalis will perform subsea rock installation cable protection on behalf of Nexans for CIDAC as part of the Celtic Interconnector Project. The operations will be located along the planned route of the Celtic Interconnector Project offshore cable between the southeast coast of Ireland and the coast of France. These operations will take place from **18 June 2026** and will take approximately 6 to 10 days, subject to weather and operational constraints.

2. Location of Activity

The operations will be conducted both in the Irish Exclusive Economic Zone (EEZ) and territorial waters (TW) within the 12Nm limit. Within the cable corridor, the operations will extend +/-250m each side of planned cable centreline. Waypoints are provided in the table in Appendix 2 to this Marine Notice.

3. Details of Vessels

The operations will be undertaken by the vessel “**Seapiper**” (**Call Sign: 5BEN6**) During operations, the vessel will keep a listening watch on VHF channel 16 and will actively transmit an AIS signal. A listening watch will also be maintained on VTS VHF Channels as appropriate. The subsea rock installation vessel will broadcast daily, and at shorter intervals as may be required by passing traffic, the vessel position, operational information, and planned operations for the next twenty-four hours.

It is requested that anybody having knowledge of potentially submerged or moored objects on the seabed within the operations area, which could form a hazard to the vessel/equipment, please contact Boskalis.

4. Contact Details

Enquiries regarding the contents of this Marine Notice, or any other relevant matters, should be directed to Boskalis at:
